

The University of Texas at San Antonio

Job Description

Job Title: E and G Zone Maintenance Manager
Code: 15128
Salary Grade: 61
FLSA Status: Exempt
Department/Division: Facilities Operations and Maintenance
Reports To: Director of Facilities

Summary

- Function: Provide skilled leadership to all trade-specific corrective maintenance work requirements in a multi-trade team. Ensure the proper and timely accomplishment of all corrective and some preventive maintenance work requirements at all main campus E&G facilities and coordinate all facilities related work performed by other work groups within these facilities.

- Scope: Directly responsible for planning, organizing, coordinating, directing and controlling all corrective and some preventive maintenance work plus some maintenance projects for the Main Campus E&G Facilities. Responsible for the development and implementation of a fully comprehensive annual maintenance work plan and schedule. Supervise, direct and provide technical guidance and leadership to assigned staff. Effectively communicate and coordinate all corrective maintenance activities, analyze data, prepare reports and make recommendations for improving the corrective maintenance section functions and productivity. Perform other duties as assigned.

Duties

- Typical:
 1. Provide leadership and supervision to reporting multi-trade corrective maintenance technicians for the effective and efficient completion of all corrective and some preventive maintenance work requirements on university main campus E & G facilities and equipment. Corrective maintenance may also include maintenance projects.
 2. Incorporate all assigned corrective and preventive maintenance work requests into a comprehensive annual work plan for timely scheduling and completion and may assist other supervisors in the accomplishments of their maintenance activities.
 3. Ensure quality and timely responsiveness of assigned maintenance activities, including after-hours response to emergency calls as may be

- required.
4. Participate in annual budget preparation in support of assigned duties and responsibilities by analyzing and submitting tool and equipment requirements and may approve individual corrective maintenance transactions up to \$500.00 per transaction.
 5. Track status of work accomplishments, analyze data and prepare reports and recommendations to reach increasingly higher levels of performance and productivity in assigned areas.
 6. Effectively communicate with customers, vendors, contractors, staff and others regarding assigned maintenance activities, materials, specifications, scheduling, policies, and procedures.
 7. Direct and manage assigned staff and participate in recruitment of new or existing staff and recommend appropriate personnel actions.
 8. Responsible for ensuring operations are effective and efficient, assets are safeguarded, reliable financial data is maintained, and applicable laws, rules, regulations, codes, policies, and procedures are adhered to, and all maintenance program objectives are met within the scope of position duties.

• Periodic:

1. Develop and recommend accurate cost estimates for work and equipment requests.
2. Actively participate in meetings and training opportunities as appropriate to the position.
3. Perform other duties as assigned.
