

The University of Texas at San Antonio

Job Description

Job Title: Procurement Specialist III
Code: 19650
Salary Grade: 60
FLSA Status: Exempt
Department/Division: Purchasing and Distribution Services/Business Affairs
Reports To: Associate Director or Senior Procurement Specialist

Summary

- Function: To provide advanced supervisory skills in performing varied and difficult purchasing duties within the department.
- Scope: Lead, coordinate and administer procurement projects associated with an unlimited range of goods and services, and independently determine the disposition of standard and non-standard procurement issues. .

Duties

- Typical:
 1. Receive and evaluate departmental requisitions, identify potential suppliers, and analyze and select appropriate procurement methods based on established procurement requirements and best value criterion.
 2. Draft and develop detailed scopes of work and specifications for an unlimited range of goods and services.
 3. Administer and direct strategic procurements and discretionary and non-discretionary competitive bids, including conducting pre-proposal and/or pre-bid conferences, conducting evaluations and determining best value, analyzing supplier responses, creating tabulations and related procurement documentation, and making recommendations for award.
 4. Execute procurement contracts in accordance with applicable procurement regulations, policies, and procedures.
 5. Directly coordinate with appropriate staff, various University departments, UT System (as applicable) and pertinent contractors at all stages of the procurement process to ensure best value is secured in accordance with all applicable State, System, and University procurement regulations, policies, and procedures.
 6. Confer with and provide direction to departmental personnel regarding specifications, complaints and special issues related to procurement; monitor, investigate and perform problem resolution.
 7. Establish and maintain effective business community relations, and provide procurement direction to contractors and other external

	customers; assist in negotiating with officials representing various contractors, and function as liaison between University and contractors;
8.	Provide leadership, direction, and training to lower level procurement staff.
9.	Promote and develop end user understanding of purchasing procedures and processes through training and direct interaction; assist with, and conduct if necessary, University purchasing training.
10.	Coordinate with the University's Historically Underutilized Business (HUB) Manager to actively promote and positively impact the HUB program.
11.	Maintain proper procurement files and records relating to the purchasing and contracting p
12.	Perform other duties as assigned.
•	<u>Periodic:</u>
1.	Research and recommend new supply sources to support the efficient delivery of services and equipment.
2.	Oversee training of new procurement staff, including leading new staff through entire procurement processes, such as bid development, pre-bids, and the evaluation/award process
3.	Assist with researching and developing necessary procurement data, and the submission of required procurement reports
4.	Proactively identify process improvement opportunities and support continuous improvement initiatives, including identifying and recommending procurement opportunities to further procurement strategies.
